

Year One Home Learning Menu Spring 2018

Teach someone at home to play 'Don't Roll A Six' (<https://nrich.maths.org/7337>) or 'Strike It Out' (<https://nrich.maths.org/6589>) and play five times - 10 points

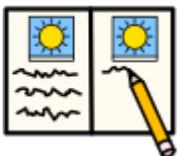

Write a review of your favourite book for our book corner - 10 points

Do a shape hunt at home and label the different 2D and 3D shapes you find - 10 points

Make a list of things you have achieved over a week, and make some goals for the next week - 25 points

Write a senses diary about somewhere you have visited. Think about what you smelled, tasted, saw, heard and felt - 25 points

Teach someone at home some new Spanish vocabulary related to colours or the weather - 10 points

Research a character for World Book Day and design your costume - 10 points

Speak to someone at home about what their playground looked like when they were at school. Draw and label it - 25 points

Write about someone you would like to be like when you grow up. Explain why and how you can make this happen - 25 points

Visit the 'Think' website and design a road safety poster - 25 points

Year One Home Learning Menu Spring 2018

Create a collage of Traction Man and Scrubbing Brush on a new adventure. Write a sentence to explain what is happening - 50 points

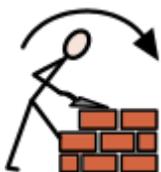

Write a new superhero story with a clear beginning, middle and end, and read the story to the rest of your class for story time - 50 points

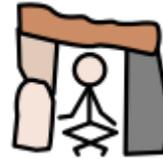

Have a play date with another child from your class who you haven't before - 50 points

Using recycled materials and rubbish, build a model of a person. Label all of the main body parts, and explain why they are important - 100 points

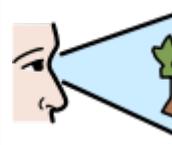

Build a 3D model of your dream playground. Be ready to tell the class all about it - 100 points

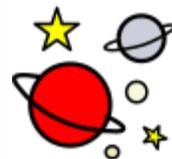

Build a tripod den for your favourite toy - 50 points

Create a comic strip about the expeditions of Christopher Columbus or Neil Armstrong. Include call-out bubbles for what the characters are saying to each other - 50 points

Look for animals on your way to and from school for a week, and create a diary of what you have seen - 50 points

Visit the Science Museum and make a project about space exploration - 100 points

Do some research into an explorer you don't already know, and prepare a presentation to teach your class about them - 100 points
