Monday 2nd November 2020

Dear Parents and Carers,

I am sure you are all aware the Government has now announced that new national restrictions will come into force from Thursday 5 November.

This new lockdown will see pubs, restaurants, gyms, non-essential shops, places of worship and beauty salons close, with schools, colleges and universities remaining open.

People are being asked to stay at home except for specific reasons. These include work which cannot be done from home, childcare or education, exercise outdoors, medical reasons, essential shopping, providing care for vulnerable people or for volunteering, and visiting members of your support bubble.

These measures are being introduced as the rate of infection across the country is continuing to rise.

We have been doing all we can in our school to work to keep our pupils, staff and wider school community safe and have gone above and beyond Government guidance.

We are expecting further guidance to be issued by the Government later this week on these new restrictions. We will keep you updated about what it means for our school and how we will continue to support our children to learn, as well as whether there are any changes to how our school will operate.

We thank you for your continued support and working with us in these challenging times. If you have any concerns or worries please ensure you come and meet myself or one of the leadership team for a chat at the gate in the morning.

We are always here to listen and help.

Yours in partnership,  
Ms Afreedi  
Headteacher
